

## **Overview of our Corrimal Probus Club Website.**

The idea and intention for designing our website was to provide our interested members, guests and visitors access to an additional platform and reference point via the Web to discover our active and welcoming Probus Club.

Since the website was published in January 2021, your committee was pleasantly surprised to see that a lot of our membership enquiries to join our club come through this channel.

Our Probus Club's website's design incorporates some of my ideas and I would welcome any feedback from you of what else could be included (or adjusted) so we achieve a website that satisfies our club's requirements. The website content has also considered privacy sensitivity.

Membership and Visitor enquiries from our website are automatically directed to our club email address ([corrimalprobus.publicity@yahoo.com](mailto:corrimalprobus.publicity@yahoo.com)) which our Publicity Officer currently monitors and responds to.

You can use your desktop, laptop, tablet, or smartphone to access our club's website which provides automatic screen size re-calibration on the selected device of your choice.

Use the following URL in your web browser to access and review our club's website:

- Website address (URL): [www.corrimalprobusclub.com](http://www.corrimalprobusclub.com)

Set up the website as an App shortcut on your home screen on your preferred device(s) for easier access.

**Explore the below menu options (as well as others) on your device and see how easy it is to use!**

### **“About”**

This information provides an insight to what Probus is about, and also provides two **URL** links to connect to **Probus South Pacific Website** and **Probus South Pacific Facebook**.

- Check out your **“Member Benefits”** that are available to all Probus members.
- **“Club Administration”** requires a login - use your personal Probus Membership Number to login and peruse the available content.
- The **“Find a Club”** option also directs local membership enquiries to our Club's website.

### **“Contact > Meeting Notice”**

This information is updated monthly and provides current information for users to view, and includes:

- Our club's next meeting date and venue information.
- Important Notices whence required.

### **“Admin > What's On”**

This information is updated monthly and provides current information for users to view, download or print, and includes:

- What's On – Calendar of Events.
- Monthly Reports from the President, and the Officers for Tours, Outings and Upcoming Shows
- Notices whence required

See next page for a snapshot of our Website's Home Page and its Sitemap of the available menu options.

I look forward to your input and feedback of what other interesting information could be included.

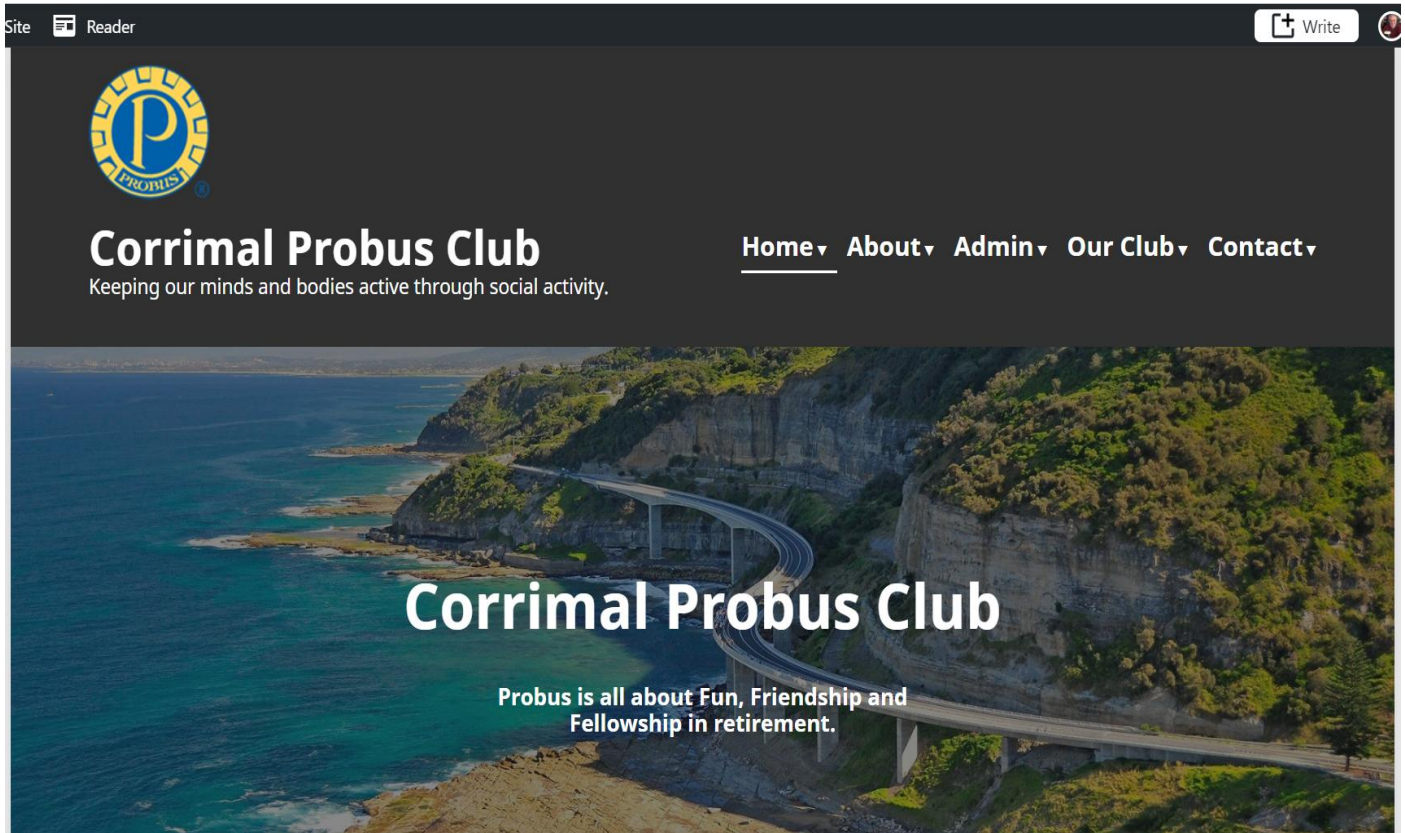

**Fred Brincat**
